

# CP-D80DW

Photo Printer

## High Quality and fast printing time in a compact design

The CP-D80DW is capable of letting users print sizes up to 15x20 cm (6x8") from a single type of media. No need for swapping paper rolls, reducing your keeping stock of multiple types of media. Designed with space in mind, its footprint and less types of media makes CP-D80DW a best-selling value model.

### Main features

- // Rewind function
- // Power saving feature
- // Low Maintenance and High Reliability

### Features

**REWIND FUNCTION**

New Rewind function allows to maximize ribbon usage when printing 10x15cm (4x6") photos using 15x20cm (6x8") ribbons. When the last half part of the ribbon patch is not used in the last order it can be capable for next printing order of 10x15 (4x6"). Rewind feature does not work in Matte Finish.

**POWER SAVING FEATURE**

Mitsubishi Photo printers are designed to reduce power consumption in sleep mode by up to 96% vs precedent printer generations. Standby power refers to the electric power consumed by electronic appliances while they are switched off or in a standby mode. Saves energy in sleep mode, reducing power consumption less than 1 watt.

**LOW MAINTENANCE AND HIGH RELIABILITY**

With a dust free mechanism design, the CP-D80DW is ideal for environments that suffer a higher level of pollution or dust. It has in-built separators that are designed to circulate the air more efficiently, keeping the heads separated from the power supply and reducing the level.

**Technical specifications**

|                              |  |
|------------------------------|--|
| System compatibility         | Windows/ Mac   |
| Printing method              | Dye sublimation thermal transfer full color. Three-color face progressive printing (yellow, magenta, cyan)   |
| Print options                | Single-sided printing  |
| Print formats                | from 10x15 to 15x20cm (from 4x6" to 6x8")  |
| Memory capacity              | 64MB – Data transfer is possible during printing   |
| Photo finishing              | Matte/Glossy   |
| Print capacity               | Up to 430 prints 10x15 cm  |
| Print speed (10x15cm - 4x6") | Printing Time 11.3 s   |
| Media                        | CK-D757, CK-D868   |
| Resolution                   | 300 dpi  |
| Weight                       | 12kg (26.5lb.)   |
| Dimensions W/D/H             | 275 / 446 / 170 mm   |
| Foot print                   | 0.12 square meters   |
| Power consumption            | 2.4A (220-240VAC, 50/60Hz.) / 4.6A (120VAC, 50/60Hz.)  |
| Accessories                  | Paper flange (1), paper flange spacer (1), Ink cassette (1), paper strip bin(1), AC power code (220-240V), CD-ROM (1) Quick setup guide (1), cable ties (2), securing band, screws, washer (1) |
